About the Training

The Somfy Expert Training is a comprehensive training program about motorized window coverings. It provides retailers and interior designers the background needed to specify and sell motorized window coverings. Training topics include:

- ABCs of Motorization
- Motorized Window Covering Control Basics
- Benefits and Performance of Automated Window Coverings
- How to Identify "Windows of Opportunity"
- Selling Automated Window Covering Solutions

Upon successful completion of the training course and by promise to actively promote/sell automated window coverings powered by Somfy, you will receive:

- Somfy Expert Certificate
- A Listing on the Somfy Dealer Locator at www.somfysystems.com
- Sales Leads
- Installation Support
